

3 watersheds anticlockwise with cheese

Departing The Empire Hotel this ride traverses the watersheds of the Meander, Rubicon and Mersey Rivers. You will ride through lovely horticultural areas, take in a nice climb through wooded hills and experience sweeping views of the Gog Ranges. Can be added to the Montana loop ride to make for a longer ride if needed. Mid way coffee and cheese tasting can be had at Ashgrove Cheese . A note of caution - the route involves a few kms of riding along the main highway however the shoulder is fairly wide.
